### **ACCOUNTING PROCEDURES FOR RENTAL OF STATE PROPERTY**

#### **Memorandum**

February 28, 2003

To: Campus Community

From: Robert Vega  
Director of Accounting Services

Re: **Rental of State Property**

A need has been established for identifying revenue generated when State property is rented. This in turn translates into a training issue involving the proper coding to be used when transactions of this type take place and for correctly and consistently depositing this revenue. Effective immediately, when state property is rented for a fee, please be sure to use the following accounts:

Rental of state property to on-campus departments (including auxiliary organizations) where rental income is to be credited to a General Fund department. Use account code 699121 (Chargeback-Rental of State Property-On Campus) to credit receipts to your department.

Rental of state property to off-campus departments where rental income is to be credited to a General Fund department. Use account code 699122 (Chargeback-Rental of State Property-Off Campus).

Rental of state property to on-campus departments (including auxiliary organizations) where rental income is to be credited to a trust fund. Use account code 580811 (Rental of State Property-On Campus).

Rental of state property to off-campus departments where rental income is to be credited to a trust fund. Use account code 580812 (Rental of State Property-Off Campus).

Generally, property refers to all assets used in University operations. Property includes land, buildings, machinery, furniture, tools, etc. and intangibles (see attached for expanded definitions).

The combination of accurate accounting records and strong internal controls must be in place to protect against and detect the unauthorized use of State Property. Rental of State property may also have Unrelated Business Income Tax (UBIT) purposes that require accurate reporting.

If you have any questions concerning the use of the above accounts, please call General Accounting at 278-2778.

### **Property Definitions:**

**Buildings** – Buildings are structures that provide workplace, storage space, or are used in some other way for University activities.

**Equipment** – Computer equipment or other asset with a life span of more than one fiscal year not defined as machinery or tools.

**Intangibles** – Intangibles are property that lack physical substance but give valuable rights to the owner. Examples of intangible property include patents, copyrights, and electronic data processing software.

**Land** – Land is real property and includes natural or artificial structures that are attached to it.

**Machinery** – Machines in general, or as a functioning unit.

**Tools** – Instruments used to aid the performance of tasks.

### **California Education Code**

#### *Referenced State Code Sections*

66017. The respective governing boards of the California Community Colleges, the California State University, or the University of California shall adopt appropriate procedures and designate appropriate persons to take disciplinary action against any student, member of the faculty, member of the support staff, or member of the administration of the community college, state college, or state university who, after a prompt hearing by a campus body, has been found to have willfully disrupted the orderly operation of the campus. Nothing in this section shall be construed to prohibit, where an immediate suspension is required in order to protect lives or property and to ensure the maintenance of order, interim suspension pending a hearing; provided that a reasonable opportunity be afforded the suspended person for a hearing within 10 days. The disciplinary action may include, but need not be limited to, suspension, dismissal, or expulsion. Sections 89538 to 89540, inclusive, shall be applicable to any state university or college employee dismissed pursuant to this section.

66300. The Regents of the University of California, the Trustees of the California State University, and the governing board of every community college district, shall adopt or provide for the adoption of specific rules and regulations governing student behavior along with applicable penalties for violation of the rules and regulations. The institutions shall adopt procedures by which all students are informed of such rules and regulations, with applicable penalties, and any revisions thereof.

66600. The California State University shall be administered by a board designated as the Trustees of the California State University, which is hereby created.

66606. The Trustees of the California State University shall succeed to the powers, duties, and functions with respect to the management, administration, and control of the state colleges heretofore vested in the State Board of Education or in the Director of Education, including all powers, duties, obligations, and functions specified in Article 2 (commencing with Section 90010) of Chapter 8 of Part 55, and all obligations assumed by the State Board of Education pursuant to that article prior to July 1, 1961. On and after July 1, 1961, the Trustees of the California State University shall have full power and responsibility in the construction and development of any state university campus, and any buildings or other facilities or improvements connected with the California State University. The powers shall be exercised by the Trustees of the California State University notwithstanding Chapter 10 (commencing with Section 14950) of Part 5.5 of Division 3 of Title 2 of the Government Code and Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except that the powers shall be carried out pursuant to Chapter 2.5 (commencing with Section 10700) of Part 2 of Division 2 of the Public Contract Code known as the California State University Contract Law. The Trustees of the California State University may accept gifts of land, or gifts of options on land, may accept and expend gifts of money for the purchase of land or options on land, and may enter into negotiations and contracts for the purchase of land for a future state university site in the vicinity of any of the areas specified in the recommendations contained in the Master Plan for Higher Education printed on page 42, paragraph 5, Senate Journal (Regular Session) for February 1, 1960, except that the gifts, expenditures, negotiations, and contracts shall not obligate the expenditure of any state funds for the purchase of the land or for development on the land, unless the Legislature subsequently approves the obligation by appropriating the funds for that specific purpose. Any acceptance, acceptance and expenditure, or negotiations and contract may be conditioned upon an automatic reversion back to the donor or automatic termination of the negotiations and contract if a new state university is not established at a specific site prior to a specific date designated by the trustees and the donor or the trustees and the person or corporation with whom the trustees are negotiating or contracting.

89030. (a) The trustees shall adopt rules and regulations not inconsistent with the laws of this state for the government of all of the following:

- (1) The trustees.
- (2) The appointees and employees of the trustees.
- (3) The California State University.

(b) The adoption of these rules and regulations shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The rules and regulations shall be published for distribution as soon as practicable after adoption.

(d) This section shall be liberally construed in order that the purposes of the Donahoe Higher Education Act pursuant to Part 40 (commencing with Section 66010) of Division 5 may be effectuated.

89031. The trustees may establish rules and regulations for the government and maintenance of the buildings and grounds of the California State University. Every person who violates or attempts to violate the rules and regulations is guilty of a misdemeanor.

89035. Wherever in this code a power is vested in the trustees, the trustees by majority vote may adopt a rule delegating such power to any officer, employee, or committee as the trustees may designate. The rule shall prescribe the limits of such delegation.

89046. The trustees may lease any property of a state university for any purpose that they consider is not inconsistent with the functions of the California State University including, but not limited to:

(a) The lease of state university property to a nonprofit organization composed exclusively of students of the university or of members of the faculty of the university, or both, for purposes related to the activities of the university or for the activities of student or faculty organizations.

(b) The lease of state university property to any nonprofit organization for the purpose of constructing and using thereon buildings as living quarters for students of the university and as meeting places.

(c) The lease to any student or faculty organization of the university of property for the purpose of establishing and maintaining cooperative stores, and cafeterias in connection with such stores. Any rental received by the trustees under this or other leasing sections shall be deposited in the State Treasury and credited to the support appropriation of the California State University current during the period of occupancy.

89300. A student body organization may be established at any state university under the supervision of the university officials for the purpose of providing essential activities closely related to, but not normally included as a part of, the regular instructional program of the university. The organization may also operate a campus store, a cafeteria, and other projects not inconsistent with the purposes of the university, and property of the university may be leased to the organization for those purposes. The trustees may fix fees for voluntary membership in the organization established at a state university. Notwithstanding any law to the contrary, if a student body organization is established at any state university, upon the favorable vote of two-thirds of the students voting in an election held for this purpose, in a manner that the trustees shall prescribe, and open to all regular students enrolled in the university, the trustees shall fix a membership fee which shall be required of all regular, limited, and special session students attending the university. No fees shall be charged to students registering solely in extension classes. The trustees may approve an increase or decrease in the student body fee only after the fee increase or decrease has been approved by a majority of students voting in a referendum established for that purpose. The required fee shall be subject to referendum at any time upon the presentation of a petition to the president of the university containing the signatures of 10 percent of the regularly enrolled students at the university. A successful referendum shall take effect with the beginning of the academic year following that in which the election was held.

Payment of membership fees pursuant to this section shall be a prerequisite to enrollment in the university, except that if sufficient funds are available, any state university student, subject to the regulations of the trustees establishing standards in that regard, may agree to work off the amount of the fee at the prevailing rate of the university for student assistants. The trustees may adopt regulations setting standards for determining which students shall be eligible to work off the amount of the fee. The revenues raised pursuant to this section may, in addition to expenditures for other lawful purposes involved in the operations of the student body organization, be expended to provide for the support of governmental affairs representatives who may be attending upon the State Legislature or upon offices and agencies in the executive branch of the state government.

89500. (a) (1) Notwithstanding any other provision of law, the trustees shall provide by rule for the government of their appointees and employees, pursuant to this chapter and other applicable provisions of law, including, but not limited to: appointment; classification; terms; duties; pay and overtime pay; uniform and equipment allowances; travel expenses and allowances; rates for housing and lodging; moving expenses; leave of absence; tenure; vacation; holidays; layoff; dismissal; demotion; suspension; sick leave; reinstatement; and employer's contribution to employees', annuitants', and survivors' health benefits plans. (2) The rules adopted by the trustees relating to tenure, layoff, dismissal, demotion, suspension, and reinstatement of academic and administrative employees shall be adopted on or before February 1, 1962, and become effective on July 1, 1962, with respect to employees who are academic teaching and administrative employees as defined in subdivision (1)(e) of Section 24301, as it read on June 30, 1961, as enacted by Chapter 2 of the Statutes of 1959. (b) The adoption of these rules and regulations shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. (c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of the California State University and Colleges other than to attend the hearing. #### *Referenced State Code Sections*

311. As used in this chapter, the following definitions apply:

(a) "Obscene matter" means matter, taken as a whole, that to the average person, applying contemporary statewide standards, appeals to the prurient interest, that, taken as a whole, depicts or describes sexual conduct in a patently offensive way, and that, taken as a whole, lacks serious literary, artistic, political, or scientific value.

(1) If it appears from the nature of the matter or the circumstances of its dissemination, distribution, or exhibition that it is designed for clearly defined deviant sexual groups, the appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, if circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, this evidence is probative with respect to the nature of the matter and may justify the conclusion that the matter lacks serious literary, artistic, political, or scientific value.

(3) In determining whether the matter taken as a whole lacks serious literary, artistic, political, or scientific value in description or representation of those matters, the fact that the defendant knew that the matter depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor that may be considered in making that determination.

(b) "Matter" means any book, magazine, newspaper, or other printed or written material, or any picture, drawing, photograph, motion picture, or other pictorial representation, or any statue or other figure, or any recording, transcription, or mechanical, chemical, or electrical reproduction, or any other article, equipment, machine, or material. "Matter" also means live or recorded telephone messages if transmitted, disseminated, or distributed as part of a commercial transaction.

(c) "Person" means any individual, partnership, firm, association, corporation, limited liability company, or other legal entity.

(d) "Distribute" means transfer possession of, whether with or without consideration.

(e) "Knowingly" means being aware of the character of the matter or live conduct.

(f) "Exhibit" means show.

(g) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, taken as a whole, that to the average person, applying contemporary statewide standards, appeals to the prurient interest and is conduct that, taken as a whole, depicts or describes sexual conduct in a patently offensive way and that, taken as a whole, lacks serious literary, artistic, political, or scientific value.

(1) If it appears from the nature of the conduct or the circumstances of its production, presentation, or exhibition that it is designed for clearly defined deviant sexual groups, the appeal of the conduct shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, if circumstances of production, presentation, advertising, or exhibition indicate that the defendant for the sake of its prurient appeal is commercially exploiting live conduct, that evidence is probative with respect to the nature of the conduct and may justify the conclusion that the conduct lacks serious literary, artistic, political, or scientific value.

(3) In determining whether the live conduct taken as a whole lacks serious literary, artistic, political, or scientific value in description or representation of those matters, the fact that the defendant knew that the live conduct depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor that may be considered in making that determination.

(h) The Legislature expresses its approval of the holding of *People v. Cantrell*, 7 Cal. App. 4th 523, that, for the purposes of this chapter, matter that "depicts a person under the age of 18 years personally engaging in or personally simulating sexual conduct" is limited to visual works that depict that conduct.

374.4. (a) It is unlawful to litter or cause to be littered in or upon any public or private property. Any person, firm, or corporation violating this section is guilty of an infraction.

415. Any of the following persons shall be punished by imprisonment in the county jail for a period of not more than 90 days, a fine of not more than four hundred dollars (\$400), or both such imprisonment and fine:

- (1) Any person who unlawfully fights in a public place or challenges another person in a public place to fight.
- (2) Any person who maliciously and willfully disturbs another person by loud and unreasonable noise.
- (3) Any person who uses offensive words in a public place, which are inherently likely to provoke an immediate violent reaction.

415.5. (a) Any person who (1) unlawfully fights within any building or upon the grounds of any school, community college, university, or state university or challenges another person within any building or upon the grounds to fight, or (2) maliciously and willfully disturbs another person within any of these buildings or upon the grounds by loud and unreasonable noise, or (3) uses offensive words within any of these buildings or upon the grounds which are inherently likely to provoke an immediate violent reaction is guilty of a misdemeanor punishable by a fine not exceeding four hundred dollars (\$400) or by imprisonment in the county jail for a period of not more than 90 days, or both.

484. (a) Every person who shall feloniously steal, take, carry, lead, or drive away the personal property of another, or who shall fraudulently appropriate property which has been entrusted to him or her, or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor or real or personal property, or who causes or procures others to report falsely of his or her wealth or mercantile character and by thus imposing upon any person, obtains credit and thereby fraudulently gets or obtains possession of money, or property or obtains the labor or service of another, is guilty of theft. In determining the value of the property obtained, for the purposes of this section, the reasonable and fair market value shall be the test, and in determining the value of services received the contract price shall be the test. If there be no contract price, the reasonable and going wage for the service rendered shall govern. For the purposes of this section, any false or fraudulent representation or pretense made shall be treated as continuing, so as to cover any money, property or service received as a result thereof, and the complaint, information or indictment may charge that the crime was committed on any date during the particular period in question. The hiring of any additional employee or employees without advising each of them of every labor claim due and unpaid and every judgment that the employer has been unable to meet shall be prima facie evidence of intent to defraud.

488. Theft in other cases is petty theft.

594. (a) Every person who maliciously commits any of the following acts with respect to any real or personal property not his or her own, in cases other than those specified by state law, is guilty of vandalism:

- (1) Defaces with graffiti or other inscribed material.
- (2) Damages.
- (3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, furnishings, or property belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

602.1 (b) Any person who intentionally interferes with any lawful business carried on by the employees of a public agency open to the public, by obstructing or intimidating those attempting to carry on business, or those persons there to transact business with the public agency, and who refuses to leave the premises of the public agency after being requested to leave by the office manager or a supervisor of the public agency, or by a peace officer acting at the request of the office manager or a supervisor of the public agency, is guilty of a misdemeanor, punishable by imprisonment in a county jail for up to 90 days, or by a fine of up to four hundred dollars (\$400), or by both that imprisonment and fine.

602.10. Every person who, by physical force and with the intent to prevent attendance or instruction, willfully obstructs or attempts to obstruct any student or teacher seeking to attend or instruct classes at any of the campuses or facilities owned, controlled, or administered by the Regents of the University of California, the Trustees of the California State University, or the governing board of a community college district shall be punished by a fine not exceeding five hundred dollars (\$500), by imprisonment in a county jail for a period of not exceeding one year, or by both such fine and imprisonment. As used in this section, "physical force" includes, but is not limited to, use of one's person, individually or in concert with others, to impede access to, or movement within, or otherwise to obstruct the students and teachers of the classes to which the premises are devoted.

626.4 (d) Any person who has been notified by the chief administrative officer of a campus or other facility of a community college, a state university, the university, or a school, or by an officer or employee designated by the chief administrative officer to maintain order on such campus or facility, that consent to remain on the campus or facility has been withdrawn pursuant to subdivision (a); who has not had such consent reinstated; and who willfully and knowingly enters or remains upon such campus or facility during the period for which consent has been withdrawn is guilty of a misdemeanor. This subdivision does not apply to any person who enters or remains on such campus or facility for the sole purpose of applying to the chief administrative officer for the reinstatement of consent or for the sole purpose of attending a hearing on the withdrawal.

626.6. (a) If a person who is not a student, officer or employee of a college or university and who is not required by his or her employment to be on the campus or any other facility owned, operated, or controlled by the governing board of that college or university, enters a campus or facility, and it reasonably appears to the chief administrative officer of the campus or facility, or to an officer or employee designated by the chief administrative officer to maintain order on the campus or facility, that the person is committing any act likely to interfere with the peaceful conduct of the activities of the campus or facility, or has entered the campus or facility for the purpose of committing any such act, the chief administrative officer or his or her designee may direct the person to leave the campus or facility. If that person fails to do so or if the person willfully and knowingly reenters upon the campus or facility within seven days after being directed to leave, he or she is guilty of a misdemeanor.

#### *Referenced State Code Sections*

54. (a) Individuals with disabilities or medical conditions have the same right as the general public to the full and free use of the streets, highways, sidewalks, walkways, public buildings, medical facilities, including hospitals, clinics, and physicians' offices, public facilities, and other public places.

(b) For purposes of this section:

(1) "Disability" means any mental or physical disability as defined in Section 12926 of the Government Code.

(2) "Medical condition" has the same meaning as defined in subdivision (h) of Section 12926 of the Government Code.

(c) A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section.

54.1. (a) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to accommodations, advantages, facilities, medical facilities, including hospitals, clinics, and physicians' offices, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motorbuses, streetcars, boats, or any other public conveyances or modes of transportation (whether private, public, franchised, licensed, contracted, or otherwise provided), telephone facilities, adoption agencies, private schools, hotels, lodging places, places of public accommodation, amusement, or resort, and other places to which the general public is invited, subject only to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) As used in this section, "telephone facilities" means tariff items and other equipment and services that have been approved by the Public Utilities Commission to be used by individuals with disabilities in a manner feasible and compatible with the existing telephone network provided by the telephone companies.

(3) "Full and equal access," for purposes of this section in its application to transportation, means access that meets the standards of Titles II and III of the Americans with Disabilities Act of 1990 (Public Law 101-336) and federal regulations adopted pursuant thereto, except that, if the laws of this state prescribe higher standards, it shall mean access that meets those higher standards.

(b) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to all housing accommodations offered for rent, lease, or compensation in this state, subject to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) "Housing accommodations" means any real property, or portion thereof, that is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more human beings, but shall not include any accommodations included within subdivision (a) or any single-family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

(3) (A) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to permit an individual with a disability, at that person's expense, to make reasonable modifications of the existing rented premises if the modifications are necessary to afford the person full enjoyment of the premises. However, any modifications under this paragraph may be conditioned on the disabled tenant entering into an agreement to restore the interior of the premises to the condition existing prior to the modifications. No additional security may be required on account of an election to make modifications to the rented premises under this paragraph, but the lessor and tenant may negotiate, as part of the agreement to restore the premises, a provision requiring the disabled tenant to pay an amount into an escrow account, not to exceed a reasonable estimate of the cost of restoring the premises.

(B) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to make reasonable accommodations in rules, policies, practices, or services, when those accommodations may be necessary to afford individuals with a disability equal opportunity to use and enjoy the premises.

(4) Nothing in this subdivision shall require any person renting, leasing, or providing for compensation real property to modify his or her property in any way or provide a higher degree of care for an individual with a disability than for an individual who is not disabled.

(5) Except as provided in paragraph (6), nothing in this part shall require any person renting, leasing, or providing for compensation real property, if that person refuses to accept tenants who have dogs, to accept as a tenant an individual with a disability who has a dog.

(6) (A) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired on the basis that the individual uses the services of a guide dog, an individual who is deaf or hearing impaired on the basis that the individual uses the services of a signal dog, or to an individual with any other disability on the basis that the individual uses the services of a service dog, or to refuse to permit such an individual who is blind or visually impaired to keep a guide dog, an individual who is deaf or hearing impaired to keep a signal dog, or an individual with any other disability to keep a service dog on the premises.

(B) Except in the normal performance of duty as a mobility or signal aid, nothing contained in this paragraph shall be construed to prevent the owner of a housing accommodation from establishing terms in a lease or rental agreement that reasonably regulate the presence of guide dogs, signal dogs, or service dogs on the premises of a housing accommodation, nor shall this paragraph be construed to relieve a tenant from any liability otherwise imposed by law for real and personal property damages caused by such a dog when proof of the same exists.

(C) (i) As used in this subdivision, "guide dog" means any guide dog that was trained by a person licensed under Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(ii) As used in this subdivision, "signal dog" means any dog trained to alert an individual who is deaf or hearing impaired to intruders or sounds.

(iii) As used in this subdivision, "service dog" means any dog individually trained to the requirements of the individual with a disability, including, but not limited to, minimal protection work, rescue work, pulling a wheelchair, or fetching dropped items.

(7) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired, an individual who is deaf or hearing impaired, or other individual with a disability on the basis that the individual with a disability is partially or wholly dependent upon the income of his or her spouse, if the spouse is a party to the lease or rental agreement. Nothing in this subdivision, however, shall prohibit a lessor or landlord from considering the aggregate financial status of an individual with a disability and his or her spouse.

(c) Visually impaired or blind persons and persons licensed to train guide dogs for individuals who are visually impaired or blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or guide dogs as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and persons who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and other individuals with a disability and persons authorized to train service dogs for individuals with a disability, may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in subdivisions (a) and (b). These persons shall ensure that the dog is on a leash and tagged as a guide dog, signal dog, or service dog by identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Division 14 of the Food and Agricultural Code. In addition, the person shall be liable for any provable damage done to the premises or facilities by his or her dog.

(d) A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section, and nothing in this section shall be construed to limit the access of any person in violation of that act.

(e) Nothing in this section shall preclude the requirement of the showing of a license plate or disabled placard when required by enforcement units enforcing disabled persons parking violations pursuant to Sections 22507.8 and 22511.8 of the Vehicle Code.

54.2. (a) Every individual with a disability has the right to be accompanied by a guide dog, signal dog, or service dog, especially trained for the purpose, in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the individual shall be liable for any damage done to the premises or facilities by his or her dog.

(b) Individuals who are blind or otherwise visually impaired and persons licensed to train guide dogs for individuals who are blind or visually impaired pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or as defined in regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and individuals who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and individuals with a disability and persons who are authorized to train service dogs for the individuals with a disability may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the person shall be liable for any damage done to the premises or facilities by his or her dog. These persons shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by an identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Title 14 of the Food and Agricultural Code. A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section, and nothing in this section shall be construed to limit the access of any person in violation of that act.

(c) As used in this section, the terms "guide dog," "signal dog," and "service dog" have the same meanings as specified in Section 54.1.

(d) Nothing in this section precludes the requirement of the showing of a license plate or disabled placard when required by enforcement units enforcing disabled persons parking violations pursuant to Sections 22507.8 and 22511.8 of the Vehicle Code.
